

WINDOWS AND MIRRORS is a storytelling residency book-ended by **two performances**. The professional show kick-starts the residency by **modeling performers sharing true stories** about pivotal moments in their lives accompanied by live music. Residencies pair a professional playwright and/or actor with a school or community group. The residency focuses on the elements of an engaging story, on solo performance and culminates with every participant performing their own story. A final curated show highlights storytellers accompanied by Strike Anywhere musicians.

WINDOWS AND MIRRORS

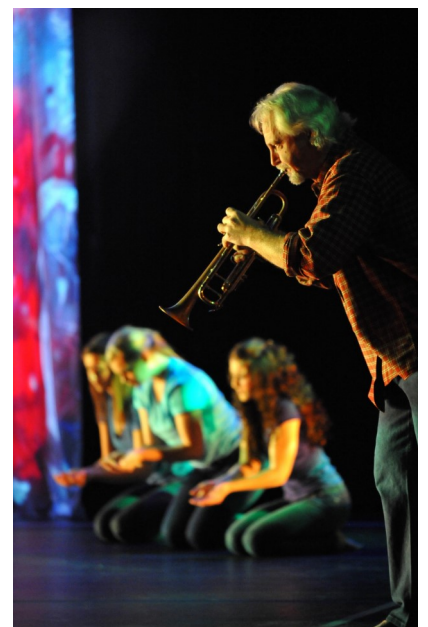

This program is currently available and can be **delivered remotely**. For virtual residencies, participants' stories will be crafted into a **beautifully produced film with an original score**.

- **WINDOWS AND MIRRORS** builds community, connection and empathy through storytelling.
- Participants view a **live or virtual performance** featuring Strike Anywhere’s actors and musicians .
- Strike Anywhere **teaching artists conduct workshops** guiding participants to write and perform personal narratives.
- **All participants perform** their stories on stage for their peers accompanied by Strike Anywhere’s musicians .
- For virtual residencies, Strike Anywhere will curate and produce a film version with an original score for online viewing.
- Hybrid residencies allow the team to adapt to evolving Covid protocols.
